

## **Rockville High School Booster Club Business Sponsorship Information**

The Rockville High School Booster Club's mission is to advance the role extracurricular activities play in the development and well-being of our students.

We support RHS athletic teams, clubs, and organizations by conducting fundraising activities to supplement the budget that RHS receives all extracurricular activities.

Some examples of how RHS Booster Club funds have supported the school in recent years include:

- Two (2) \$1,000 "Model Ram" student awards each May
- Supplementing transportation needs for the RHS marching band
- Shirts for the "It's Academic" team
- Carts to help move/transport hurdles for the Track & Field teams
- RHS canopies & storage shed so teams can have a canopy to take to games to provide shade or rain protection
- Wrestling mat- funds helped RHS purchase a higher quality mat with school logo
- Enhancement of the quality of RHS athletic uniforms
- Acquisition and installation of Baseball batting cage
- STEM and Robotics - funds to help these groups purchase materials
- Vidswap subscription so that coaches and players can uncover game-changing insights through video analysis, stat tracking, and create highlight video clips

Your business sponsorship helps to support the ongoing success of students and student-athletes who participate in RHS extracurricular clubs and athletic teams. See the sponsorship level information insert for specific information about what you will receive for your contribution. All RHS Booster Club sponsorship dollars are tax deductible and the Booster Club will provide your banner.

**2024-2025**
